

## SALTBURNARTISTS'PROJECTS exhibition procedure

SALTBURNARTISTS'PROJECTS is a contemporary gallery space in Saltburn-by-the-Sea. We exhibit a range of work by different artists at different stages in their careers. We also run an Audience Development Programme to coincide with exhibitions.

There are two exhibition areas at SALTBURNARTISTS'PROJECTS. The Saltburn Gallery consists of a well lit white cube space split into two areas. We usually show around 6 exhibitions a year in this space. The Window Space is a 'project' space allowing artists to experiment with new work in an informal setting. The window exhibitions change around once a month enabling a range of artists to exhibit in the space.

We welcome exhibition proposals from artists.

Artists wishing to submit a proposal need to provide the following:

- Images of recent / relevant work preferably in digital format - photographs may be submitted, but not slides. Please also include details of medium, size, length etc. If emailing images please use jpeg format, and keep the images under 500k so they can be downloaded easily. If this proves difficult, please put your work onto a cd.
- A current cv.
- A statement of work.
- If relevant, a proposal of work

The Gallery employs a Development Manager who is responsible for curating exhibitions. It may be that while a solo exhibition cannot be offered, there is the possibility of exhibiting in a group exhibition with other suitable artists. Please visit the gallery to gain an idea of the space and the range of work we exhibit.

If you would like to submit a proposal or to discuss your idea further, please contact the gallery – details are below. Please be aware that due to the volume of proposals we receive, it may take a few weeks before we respond to your submission.
